Re: Construction of Owens Rd. from FM 1464 to Harlem Rd.

Commissioner Patterson:

We, the unanimous Board of Directors of Pecan Grove Plantation POA, on behalf of our 2139 property owners and residents in PGPOA, are adamantly opposed to the direct connection of Owens Road as a regional thoroughfare to directly connect to Plantation Drive, where one of the schools for our neighborhood children is located.

This thoroughfare will require our children at the middle school to have to walk along and/or cross this major thoroughfare just behind a hidden levy. This is a major health and safety concern for our children and residents.

We have engaged Counsel to take any and all steps reasonably possible to prevent this direct connection of Owens Road to Plantation Drive.

On behalf of our 2139 property owners and residents, we implore you to use all of your powers to help protect the health, safety and welfare of our neighborhood children and residents. We implore you to prevent the direct connection of Owens Road to Plantation Drive.

It would be reprehensible to allow this project to go forward without opposition in the event a child is injured or killed.

We thank you in advance for your assistance in this matter. We welcome any meeting to discuss this matter before we are forced to escalate the situation.

Sincerely,

Pecan Grove Plantation Property Owners' Association Board Members
